WORK EXPERIENCE

- **Weeshr**   July 2023 - December 2023
  Web Developer

  - Engineered and maintained responsive user interfaces for a high-traffic e-commerce platform utilizing React and Redux.
  - Optimized website performance for faster loading times and improved user engagement.
  - Partnered with designers and backend developers to deliver features on schedule and within budget constraints.
  - Supported senior developers in integrating frontend components with backend APIs.
  - Gained experience in responsive design principles and cross-browser compatibility testing while building a tour/tourist app for a client.

- Freelance   January 2024 - Present
  Web Developer
